

## Who's Calling?

Trampled by Turtles

Howl at the moon babe  
Howl if you want to  
Left his religion in a cave

Bill Dustard he has  
With his nice happy family  
All that we want is to be left alone

Who's calling?  
Moan in your head babe  
Moan if you want to  
Lies that I've told I never meant to

Who's calling?
