

## Wild Animals

### Trampled by Turtles

Oooooooooooooo  
Oooooooooooooo

There's another world, it's made for us  
Trapped in bodies, they're made to rust  
It's one that I can break right through  
I am ready, how about you?

Oooooooooooooo  
Oooooooooooooo  
Oooooooooooooo  
Oooooooooooooo

By the coming dark, we try to breathe  
And this just can't be happening  
We found everything we need  
Buried deep beneath the leaves

Oooooooooooooo  
Oooooooooooooo  
Oooooooooooooo  
Oooooooooooooo

I see the better part of you  
I see the better part of you  
But I'm a monster just like you  
Wild animals it's true

Oooooooooooooo  
Oooooooooooooo  
Oooooooooooooo  
Oooooooooooooo
