

# Kiss Their Sons

Transvision Vamp

Uh uh uh uh

If you went away and never came back  
That would be too soon  
The smell of your mouth would  
Probably be still hanging in the room

But you're so full of shit  
You couldn't even ever make that scene  
I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
It feels so good  
I'm not you  
All of the words that you wrote  
Really were lots of fun  
But I don't think I ever really realized  
Anyone could be so dumb  
So butt-fucked inside your head  
Don't even know it's gonna get any better

I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
It feels so good  
I'm not you

OR

You should be in a hospital  
Strapped down to one of those beds  
And testing on some new drug  
But I don't even think anyone would even  
Know if you really got a tumor  
You're so brain-dead it might even  
Give you a sense of humor  
I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
It feels so good  
I'm not you  
It feels so good

I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
I'm so glad

It feels so good  
I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
I'm so glad glad  
I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
I'm so glad  
It feels so good  
I'm so glad
