

## Pay The Ghosts

Transvision Vamp

You drive a Mercedes  
But you still ain't paid the ladies  
Your headlights are a shining  
But your car it, it ain't riding  
So don't pretend that you don't know me  
Just pay me what you owe me  
Pay the ghosts  
Pay the ghosts  
Pay the ghosts  
I know you've been hiding  
Down on the back streets you've been sliding  
Harley Street you'll be finding  
In a back seat you'll be riding  
So don't pretend that you don't know me  
Just pay me what you owe me...  
Pay the ghosts  
Pay the ghosts  
Pay the ghosts  
Nighttime is a falling  
Down the alley someone's calling  
You best save your lying  
In the sky there's a dark star dying  
So don't pretend that you don't know me  
Just pay me what you owe me...  
Pay the ghosts  
Pay the ghosts  
Pay the ghosts  
In the sky there's a dark star dying  
You you best save your lying  
Someone's calling
