

Renegade

Trauma

Crossing the eternal path of self-destruction
The sempiternal act of mass dysfunction
Through perverted sins of mankind
The soil bleeds in maniac euphoria

Full of hate, full of grace, i am renegade

Full of pain - again, full of anger - again
Full of malevolence

This is the place where all pain is clear
The cursed abyss for forgotten souls
Destructed by mechanical disharmony
Without care, full of malevolence

Another shot of brainless body
Another stream of fatal decisions
Total collapse of system ruled by mon
The world keeps turning to nihility

Projections through wisdom of ancient
Rejected solutions by evil minds
Revelations of devoted lunatics
Prophecies of cybernetic hallucination
