

Cupid's Got A Gun

Travis Garland

This might be a danger zone.
I said it.
When you and me are all alone.
It's scary.
I try to keep my walls up.
Not sure if they'll hold up.
I think that we're going down.
Down
Down

He's looking 'cause he knows we're young and reckless
We're looking like we're number one on the hit list
And if he gets a shot
He's gonna take the shot
So girl we should watch it

Because

Cupid's got a gun.
Got a gun.
And he's aiming at us.
Aiming right at us.
Girl,

Cupid's got a gun
Got a gun
And he's aiming at us
Aiming right at us

Oh. Oh. Oh. Oh. Oh. Oh.
I think he got me

Oh. Oh. Oh. Oh. Oh. Oh.
I think he got me

Oh. Oh. Oh. Oh. Oh. Oh.
I think he got me.
I think he got me
I think he got you too.

I think it already started working
I think I got it in my heart
I'm worried
See I thought we were chillin'.
Now we're catching feelings.
I can feel it going down.
Down
Down.
