

Baby girl you're so fine  
You're tighter than a bowtie  
You hot looking, don't try

Going out without your girls, you're putting on your makeup  
Taking a little more time just to fix your hair  
Painting your nails your favorite shade of purple

I know you're insecure, change your outfit three or four times  
You wanna hide your shape, but girl, you look so fine  
And I know you put in so much hard work, but let me say

Darling, you make it look so easy  
Darling, you make me look so good  
Other girls, they have to try so hard  
But you don't  
Darling, you make it look so easy

Baby girl you're so fine  
You're tighter than a bowtie  
You hot looking, don't try

I know you've been working out, eating right  
Girl, you about your fitness, working the 9 to 5  
Just to pay your bills  
And when the way you can't just let go, take over the dance floor  
And let me say that

Darling, you make it look so easy  
Darling, you make me look so good  
Other girls, they have to try so hard  
But you don't  
Darling, you make it look so easy

So don't you listen to all them other hoes, the shit they talking  
It's only 'cause they know  
You look too good, you move too good, shake that ass too good  
Oh, man

Baby girl you're so fine  
You're tighter than a bowtie  
You hot looking, don't try

Darling, you make it look so easy  
Darling, you make me look so good  
Other girls, they have to try so hard  
But you don't  
Darling, you make it look so easy

So don't you listen to all them other hoes, the shit they talking  
It's only 'cause they know  
You look too good, you move too good, shake that ass too good  
Oh, man

You make it look easy, make it look easy  
Look so easy, look so easy  
Make it look easy, make it look easy, yeah
