

# I Think She Likes Me

## Treat Her Right

Walked into a strange cafe  
No one there's ever heard my name  
Go to the bar, have a seat  
Talk to that woman sittin' next to me

She asked me in a voice so low  
She asked me if I come in here alone  
She asked me nicely "Can I buy you a drink?"

You know I think she likes me that's what I think  
I think she likes me that's what I think

She listens to every word I say  
I look at her she don't look away  
I tell her that I play for "Treat Her Right"  
She asks me if I'm gonna play tonight - Yeah!

She cross her legs, will do no harm  
She lets her finger run on down my arm  
I asked her nicely "Can I buy you a drink?"

I think she likes me that's what I think  
I think she likes me that's what I think

Oh yeah!

Some guy comes over, what does he think  
Intruding on our private thing  
The man is looking quite upset  
Wavin' 'round with his gun like that

She'd told me things about her life  
She'd never told me she was someone's wife  
The man with the gun says "Why'd you buy her a drink?"  
I said "I think she likes me that's what I think"

I think she likes me that's what I think  
I think she likes me that's what I think  
I think she likes me that's what I think

I - I - I - I think she likes me
