

Everything to Everyone

Treat

I can feel that we're takin' in water
I don't know if this ship is going down
Well I'm done throwin' gas on the fire

When you say stop (stop)
Then I say go (go)
Cuz I can't fear
what I don't know

Gonna get out where kids are playing
Enough is enough, I hear you sayin'
Everything to everyone
Gonna get down when hearts are breaking
Love is a gift that keeps on giving
Everything to everyone

I believe there's a cure for this sickness
I won't go quiet into the night
We don't need to be right
in all the wrong ways

When you say what (what)
Then I say whoa (whoa)
Cuz I don't mind
On with the show!

Gonna get out where kids are playing
Enough is enough, I hear you sayin'
Everything to everyone
Gonna get down when hearts are breaking
Love is a gift that keeps on giving
Everything to everyone

When you say stop (stop)
Then I say go (go)
Cuz I can't fear
what I don't know

Gonna get out where kids are playing
Enough is enough, I hear you sayin'
Everything to everyone
Gonna get down when hearts are breaking
Love is a gift that keeps on giving
Everything to everyone
