

For the Grace of You

Trent Dabbs

For the grace of you
I got a place at the table
That was saved by you
I started doing things I wasn't able
For the grace of you
I know what it means to leave me with all of you
Started seeing things I never believed
Yeah, I wouldn't know to die
For the grace of you go I
Yeah, I wouldn't know to die
For the grace of you go I
[break]
For the grace of you
I got a second chance
I got a natural high
For the grace of you go I
For the grace of you
The river cuts that canyon so high
For the grace of you go I
And I wouldn't know to die
For the grace of you go I
Yeah, I wouldn't know to die
For the grace of you go I
[break]
For the grace of you
The summer just folded its hands
For the grace of you
Supply will never meet demand
For the grace of you
This plane knows how to land
Without the grace of you
I'd be learnin' how to live again
And I wouldn't know to die
But for the grace of you go I
Yeah, I wouldn't know to die
But for the grace of you go I
[break]
Yeah, I wouldn't know to die
Yeah, I wouldn't know to die
I guess I wouldn't know to die
For the grace of you go I
