

Let You Down

Trespassers William

Oh love, you're driving me crazy
And I don't know what to do will
I throw this all away for you
3:30 in the morning, here in front of you
Oh love, what are we to do

Love, do you need me now
'Cause I've let you down
'Cause I've already let you go
And you don't even know

Oh love, you've come from nowhere
And brought me to my knees
And in this place is it hello or goodbye
And I'd kiss your honey lips
Oh I'd touch your sunlit hair
But these are the weapons that'd destroy me

Love, do you need me now
'Cause I've let you down
'Cause I've already let you go
And you don't even know
Love, how I need it now
Love, it won't let go
I guess you never know we never know

Love, do you need me now
'Cause I've let you down
'Cause I've already let you go
And you don't even know
Love, do you need me now
'Cause I've let you down
'Cause I've already let you go
And you don't even love me anymore
I don't love anymore
I don't love anymore
