

Eyes Of Love

Trevor Rabin

Are you waiting for your freedom
Or a love you just don't know?
I can see you through my window
Did you know your feelings show?
Are you looking towards the border?
Hold out for something new

Does the white, bright, right and degradation
Wear you down the way we want it to?
Calling on you for confirmation
In a way that we feel is good for you

Eyes of love, look down on me
When you gonna see
Eyes of love, send down the key
Will you deliver me tomorrow

Are you searching for an answer?
Are you questioning at all?
I can't reach you but I can feel you
Are you living in surrender
Or just waiting for the call?

Does the white, bright, right and degradation
Wear you down the way we want it to?
We will control the information
In a way that we feel is good for you

Eyes of love, look down on me
When you gonna see
Eyes of love, send down the key
Will you deliver me tomorrow
