I don't wanna do too much  
I don't wanna speak too much  
I don't wanna breathe the wrong way  
I don't wanna kill this moment  
This moment shared between us  
'Cause I been thinking 'bout it all day, oh woah

You told me I'm all you wanted  
I don't wanna ruin your expectations  
And all your body language, I'm gon' read it, ayy  
As best as I can (as best as I can) 'cause tonight I am

Having sex with my number 1 fan  
So why am I so nervous?  
So why am I so nervous?  
Having sex with my number 1 fan  
So why am I so nervous?  
Having sex with my number 1 fan  
So why am I so nervous?

I don't wanna move too fast  
Girl, I wanna make it last  
Tonight we gonna do it my way, oh  
I know you been waiting for it  
You gotta just lay back  
I just wanna take my time, babe

You told me I'm all you wanted  
I don't wanna ruin your expectations, oh no no no no  
And all your body language, I'm gon' read it, ay  
As best as I can (as best as I can) 'cause tonight I am

Having sex with my number 1 fan  
So why am I so nervous?  
So why am I so nervous?  
Having sex with my number 1 fan  
So why am I so nervous?  
Having sex with my number 1 fan  
So why am I so nervous?

You ready?  
When I leave it up to me, she sees  
Will I give her everything she needs?  
I just hope that when we're done she's pleased  
I hope it's everything you thought it'd be, oh

You told me I'm all you wanted  
I don't wanna ruin your expectations  
And all your body language, I'm gon' read it (all night long)  
As best as I can (as best as I can) 'cause tonight I am

Having sex with my number 1 fan (so why am I)  
So why am I so nervous? (Nervous, baby)  
So why am I so nervous?  
Having sex with my number 1 fan (I just wanna get it right for you, baby)  
So why am I so nervous?  
Having sex with my number 1 fan (I just wanna get it right for you, baby)

So why am I so nervous?
