

# Cake

Trey Songz

Baby, this might, sound rude  
I'm taken, but I want you  
And I don't want to play by the book, no rules  
You say you can't have cake and eat it too  
But ain't that what you supposed to do?  
Ain't you supposed to eat it too?  
Ain't that what you supposed to do?  
Ain't I supposed to eat it too?  
If cake's on the menu  
Cake, cake's on the menu  
Cake, cake's on the menu

I'd like to have desert for starters  
Tell me baby, can you take my order?  
Hey pretty lady, give me some of that cake  
I'd like to place an order, ooh I just want to taste  
And ooh I hate to wait

Go on lay your body down all over my plate  
Once I blow my candles out, put it in my face  
So tell me you gon serve it up nice  
The customer is always right

Tell me baby, can you take my order?  
Light skin girls got that red velvet  
Dark skin girls chocolate  
White girls got vanilla frosting  
Cake tastes great, I love all of it

I got a sweet tooth and it's just for you  
Ain't hard to see through girl I know you want to  
So tell me you gon serve it up nice  
The customer is always right
