

Circles

Trey Songz

Uh

Troy Taylor, you the G.O.A.T

Heard you're here on the rebound
Bet you want me to put the D down
In the group text with the team now
Spillin', do we feel it, do you leave out?
Why is it every time that we say we're done
We always ending up, ending up back at square one?

Fuck me once, shame on you
Fuck me twice, that won't do
Told me that last time would be our last time
Guess you like breaking rules
Girl, I can't act like you
Are the only one that's confused
'Cause I gotta do better with the choices I choose

If you're lookin' for closure, don't take your clothes off
No matter how hard we try, we can't say it's over
We goin' in circles
Keep goin' in circles
You know we're just gon' do this over and over, over and over
Over and over again
We goin' in circles
Keep goin' in circles
Over and over again

It's a catch 22
'Cause when we win, we lose
I can't get over you
And over gettin' overused
Overdue, overtime
Overnight, over mind
Out of sight, out of mind
Shit been gettin' outta line
Feelin' like we back in time, rewind

Fuck me once, shame on you
Fuck me twice, that won't do
Told me that last time would be our last time
Guess you like breaking rules
Girl, I can't act like you
Are the only one that's confused
'Cause I gotta do better with the choices I choose

If you're lookin' for closure, don't take your clothes off
No matter how hard we try, we can't say it's over
We goin' in circles
Keep goin' in circles
You know we're just gon' do this over and over, over and over
Over and over again
We goin' in circles (Keep goin' in)
Keep goin' in circles
Over and over again

Baby, we just get down and close that door

What we got right here is too real to ignore
But when you take me back, it's back and forth
'Cause we can't spell closure and unless we're sure
So let's be sure, let's be more
You can be mine, I'll be yours, oh, oh, oh
If you wanna make things right
Baby, just take my advice

If you're lookin' for closure, don't take your clothes off
No matter how hard we try, we can't say it's over
We goin' in circles
Keep goin' in circles
You know we're just gon' do this over and over, over and over
Over and over again
Goin' in circles (Keep goin' in)
Keep goin' in circles
You know we're just gon' do this over and over, over and over
Over and over again
We goin' in circles (Keep goin' in)
Keep goin' in circles
Over and over again
