

I Do

Trey Songz

It's over baby
Yeah
Yeah,
Yeah, yeah,
Yeah yeah

Roof crisp? with them juice lips
Xo you take two sips
Puff the dro, you get two hits
My show you get four tickets
Three friends that you roll with
You got little sisters that want pictures
Two seats when I roll with you
Top back, let the wind hit you
You know I'm the man round these parts here
You know, don't you know?
If you need something I'm here
Yeah
Baby meet me downtown
We gon' get your hair done
You say all your gas gone
I'm gon' fill your tank up
Fill that piggy bank up
Care bout no recession
Why you second-guessin'?'
Answer this one question

Now when you with that other nigga
Is you with a winner?
He don't do it like I do
If you say I ain't on your mind
When y'all spending time
Girl you telling lies
Go on, testify
He don't do the things, he don't do the things, no
He don't do the things I do
Girl you know he don't hit it right
You livin' a lie, he don't do the things I do
Pent house suits for about 4 weeks
Private beach with them palm trees
You can buy it all in the Beverly
Show you things he'll never see
Even let you drive my Bentley
Though you love him, you he don't deserve
Listen, I'm the man round these parts here
You know, don't you know
If you need something, I'm here
But let me ask you this one question

When you with that other nigga
Is you with a winner?
He don't do it like I do
If you say I ain't on your mind
When y'all spending time
Girl you telling lies
Go on, testify
He don't do the things, he don't do the things, no

He don't do the things I do
Girl you know he don't hit it right
You livin' a lie, he don't do the things I do

I'm only here
To show how much I care
And I know your having second thoughts about your love at home
You need to let that go
I'm tired of seeing you hurt
And cry
When you know inside
You'll never be the man I
He don't do the things I do
He don't
Woo,
No
I I I

Now when you with that other nigga
Is you with him ?
He don't do it like I do
If you say I ain't on your mind
When y'all spending time
Girl you telling lies
Go on, testify
He don't do the things, he don't do the things, no
He don't do the things I do
Girl you know he don't hit it right
You livin' a lie, he don't do the things I do

Oh oh oh
I do, I do, I do, I do, I do
When you with that other n*
Is you with a winner?
He don't do the things I do, do
Yeah, you know
