

We Should Be

Trey Songz

Baby you're looking so lovely
I'm thinking bout you loving me, kissing me, touching me
Looking so lovely
I'm thinking bout you loving me, kissing me

I promised you, I'd take you out
Enjoy your night out on the town
Like dinner and some champagne

You deserve the best of the finer things
Girl tonight you couldn't looking any better
Basically irresistible
I can see it in my mind
Baby you and I
Later on tonight making love

DJ's playing the last song
We been dancing all night long
I wanna hold you in my arms
Girl its time that we get gone
Can't control it any longer
Cause the feelings just to strong (Baby You Know)
Its Such A Beautiful Thing
The way be doing are thing
When we be doing it
We should be making love

Oh whoa
Oh whoa
Oh whoa, Love

Oh whoa
Oh whoa
Oh whoa

Most gorgeous lady in the room
I know you can feel all eyes on you
I think they all are a little envious
Of this chemistry that we share between us
So I don't wanna come off disrespectful
But I cant keep my hands off you
Girl I'm all over ya love
And if I can lay it down
Then right here on the ground I'd start making love to you

DJ's playing the last song
We been dancing all night long
I wanna hold you in my arms
Girl its time that we get gone
Can't control it any longer
Cause the feelings just to strong (Baby You Know)

Its such a beautiful thing
The way be doing are thing
When we be doing it
We should be making love

Maybe in car baby
Or maybe we can stop some place cause I don't wanna wait
Until we get all the way home (no,no)
Got me hard gribbing in the third lane
Girl its only for the sake of your love
And all I see is us making love until the sun comes up

I cant wait
I cant wait
I cant wait

Oh baby baby baby
Its Such A Beautiful Thing
The way be doing are thing
When we be doing it (doing it doing it)

DJ's playing the last song
We been dancing all night long
I wanna hold you in my arms (I just wanna hold)
Girl its time that we get gone (Listen baby)
Trey can't control it any longer
Cause the feelings just way strong (Baby You Know)
Its such a beautiful thing
The way be doing are thing
When we be doing it
We should be making love

Oh whoa
Oh whoa
Oh whoa, Love

Oh whoa
Oh whoa (I just wanna make love to you)
Oh whoa

Oh whoa
Oh whoa
Oh whoa (I just wanna make love)

Oh whoa
Oh whoa
Oh whoa

Its such a beautiful thing
The way be doing are thing
When we be doing it
