

## Stay In This Moment

Trick Pony

Before you must leave  
This evening, this hour  
And the rush of this moment is through  
I want to tell you  
How good it felt to  
Completely surrender to you  
Feeling you close  
Right here besides me  
Almost suspended in time  
I don't want to move  
I don't want to let go  
I don't want to leave this behind

Honey, stay in my arms  
Stay in this cradle  
And rock me to sleep  
Tell me you're able  
To make time stand still  
And there's nowhere you've got to be

Stay in this moment with me  
The wind through the window  
The words that we whisper  
A touch only true love can claim  
As long as the moonlight chases the shadows  
There's nothing that I want to change

Honey, stay in my arms  
Stay in this cradle  
And rock me to sleep  
Tell me you're able  
To make time stand still  
And there's nowhere you've got to be

Honey, stay in my arms  
Stay in this cradle  
And rock me to sleep  
Tell me you're able  
To make time stand still  
And there's nowhere you've got to be
