

Does It

Tricky

Does it make you feel good
Make you feel hood
Can I fall for your veins
...
Can you fall from the sky
Will you leave me and die
Will you come back again
Will you meet me at term
Where are the protesters
The slogans insane
This will be a swift decline
I wouldn't be coddled in love
I wouldn't be coddled in love
Will you fight for a cause
Will you break all the law
Will you come back again
Remember by when
Are you living free
Are you living in me
Does it make you feel good
Make you feel hood
Where are the protesters
The slogans insane
This will be a swift decline
I wouldn't be coddled in love
I wouldn't be coddled in love
Where are the protesters
The slogans insane
This will be a swift decline
I wouldn't be coddled in love
I wouldn't be coddled in love
