

Today

Triggerfinger

Today is the day,
I tried to get away.. yeah
In this place, i'll never find myself again.

Today is the day,
I tried to get away.. yeah
I go as far as I can without a map
or a masterplan.

Today is the day.
That I'm leaving this place,
get out of your face.
I swear, I'm away for good,
get out of your hood.

I said today is the day I quit my playin'
In this place, I'll never find myself again.
There's no point in sticking around
trying to stay here

Too much fixing to do
and I don't know where to begin.

Today is the day.
That I'm leaving this place
get out of your face.
I swear, I'm away for good
get out of your hood.

Today.
I'm leaving this place,
get out of your face
I swear, I'm away for good.
get out of your hood.

Every day, single day
Every day, I get away
Every day, single day
Every day, I get away

Today is the day...
That I'm leaving the place,
get out of your face.
And I swear
Away for good,
get out of your hood.

Today.
I'm leaving this place,
get out of your face
And I swear,
Away for good
get out of your hood
