A boss bitch is way more than a hashtag
Man these hoes got the game wrong
Pussy make a nigga put my name on him
But I still wont put a claim on him
I'm just trying to find out if he got some change on him

Oh shit thought you had a nigga whipped
Till he dipped on you went out and got hisself a new thang

I fuck him all night, keep the air on blast - you should take a bedro

Gotta fan myself cuz I'm hot hoe
I can't stand myself cuz I'm high hoe
Got them bands myself, took your man myself, I advance myself, but yo

The nerve of ah weak beach, my pockets on deep dish
You probably won't see this
If he don't feed you, you probably won't eat bitch
But you out here talking bout the niggas you got
When you oughta be talking bout the figures you got
And you oughta be talking about the money you saved
These young hoes don't know about nothing these days

Oh shit thought you had a nigga whipped
Till he dipped on you went out and got hisself a new thang
