

Ride Clean

Trina

Matte black Maybach window tented
Seats so big hitter cart wheels in it
Front grill looking like I just left the dentist
Gotta move like a boss when I handle my business

Young bitch named Trina from the 305
Why a bitch from the bottom gotta be so fly
See those big boys steady on they grind right
So tell me how the hell I'm not supposed to be on mine

I learned the game from my ole girl
She said you can have the whole world
So try to tell me that I ain't hard
Pulling up with a brand new paint job

Bitch ride clean don't it
Young young young
That young bitch ride clean don't it
Young young young
That young bitch ride clean don't it
Young young young
That young bitch ride clean don't it
Young young young

Candy paint as I mob with my red bone
5'9 light brown fire head on her
Looking like um the hoes choice I drive a Rolls Royce
Push start real nigga ride clean don't it
No roof in the coupe with the top back
Riding in a foreign and he straight out the projects
I got the game from a old nigga
He said all you whips clean dawg gon need four killas

I learned the game from my ole girl
She said you can have the whole world
So try to tell me that I ain't hard
Pulling up with a brand new paint job

Bitch ride clean don't it
Young young young
That young bitch ride clean don't it
Young young young
That young bitch ride clean don't it
Young young young
That young bitch ride clean don't it
Young young young

Only trick call for the dick
Only tote my fire for the snitches
Ion vibe if they smaller then a 6
And I don't fuck em if that pussy ain't pretty
My buy me another foreign in the morning
Sit that bitch real low on dem forgies
Might fuck around and name dat bitch Trina
So I can get in it every time I see her
You ever rode with a nigga smell this good
Ever fucked with a nigga that was this hood

Put ya on ya stomach eat ya pussy from the back baby
Then stand up in that pussy all night baby

I learned the game from my ole girl
She said you can have the whole world
So try to tell me that I ain't hard
Pulling up with a brand new paint job

Bitch ride clean don't it
Young young young
That young bitch ride clean don't it
Young young young
That young bitch ride clean don't it
Young young young
That young bitch ride clean don't it
Young young young
