

Love Sick

Trippie Redd

Shawty don't go runnin' out on me
Shawty don't go runnin' out on me, oh

Babe, don't worry 'bout what I said
Get that shit out your head
No way I meant that shit
Oh, don't let it get to your head
Babe, just forget what I said

Shawty, you could just forget about what I said
Think it's best to live without what I said
'Cause I'm so sick of love songs
I'm so tired of love songs
I'm so sick of love songs

Shawty do you remember high school, when I said
Me and you would rise from the bottom until the end
You would be my ride or die until the end
I said until the end, yeah

Baby, cry me a river, fall right to the edge
You uploaded two pics, I hope you remember
Could've been love, I don't know
Yeah, love, you gon' hold my hand and feel safe
You can hop in my car and then we can go
You ain't ever got to ask, so now you know
Oh now you know, yeah

Shawty, you could just forget about what I said
Think it's best to live without what I said
'Cause I'm so sick of love songs
I'm so tired of love songs
I'm so sick of love songs

Don't worry 'bout what I said
Get that shit out your head
No way I meant that shit
Oh, don't let it get to your head
Babe, just forget what I said
