

Never Ever Land

Trippie Redd

Big-14 , know what the fuck goin' on
Oooooohhhh, yeah
A love letter to you, you lil' lil' lil' bitch

Headed to the top, baby you and I
We in love baby, you and I
I think we gon' be okay, baby you and I
'Cause I don't give a fuck unless it's just you and I
We gone argue and break up, baby you and I
Then make up and make love, baby you and I
I'ma tell you how I feel when the time is right
Tell you how I feel when the time is right
Baby I love, you, ayy
Baby I love, you, ayy
You, you

Oh, be cool, shawty sippin' Rozay with me
Girl you got my love lil' baby, don't play with me
Say you mine's lil' baby, don't play with me
I play with heat, so never run game on me
And you know I keep a motherfuckin' K on me
You talk down my lil' baby she gon' spray with me
Like A to Z, they love me 'cause my cadences
We gone make it to the top, baby wait and see, wait and see
Back on the scene with my baby
Countin' all this guap with my baby

Headed to the top, baby you and I
We in love baby, you and I
I think we gon' be okay, baby you and I
'Cause I don't give a fuck unless it's just you and I
We gone argue and break up, baby you and I
Then make up and make love, baby you and I
I'ma tell you how I feel when the time is right
Tell you how I feel when the time is right
And I love
