

Overdose on L1fe

Trippie Redd

Ooh... Heh

I think I'm overdosin'
Tryna keep up with the fuckin' motion
My mind out in the open
Tryna stay fuckin' focused

I think I'm overdosin'
I done took to many other doses
My mind out in the open
Imma keep up with the fuckin' motion

Baby girl the pussy go, damn
Baby let me bust it open
Let me get up in your ocean
Baby got me overdosin'
Don't you lie to me, Lie to me
You tryin' me
Took your soul, lil' baby gone ride with me
You [?]

I love when I overdose
I don't even feel your love (love!)
I don't even feel your love (love!)
I don't even feel your love (Love!)
I don't even feel your love (I don't even feel your love!)

Baby girl the pussy go, damn
Baby let me bust it open
Let me swim up in your ocean
Baby got me overdosin'

Lie to me
Lie to me, don't lie to me
