

Waited A Light Year

Tripping Daisy

when we were friends
this i know
i waited a long time ago

i wonder where we left off
when we were friends
when we were friends
when we were friends
this i know
i waited a long time ago

i wonder where we left off
when we were friends
i wonder where we left off
when we were friends

sold to me for life?
i want her
sold to me for life?
i want her

ba-ba ba
la la la-la

i want her
ba-ba ba
