

I Am The Twilight

Triptykon

Yield, I am the twilight
Three, three days of darkness
Love has turned to hatred
Why have I been chosen?

Chaos, let chaos reign
Repent, in fear repent
Chaos, let chaos reign
Die, die as you pray

Persecute the servants of god
Slaves shall end as slaves
Wading through dying creeks
In gloom towards their graves

Chaos, let chaos reign
Repent, in fear repent
Chaos, let chaos reign
Die, die as you pray

I rise above
In light divine

As you sow
You shall reap

Chaos, let chaos reign
Repent, in fear repent
Chaos, let chaos reign
Die, die as you pray

Lord god of Sebaoth
Black are the heavens
Mine is the face of enmity
Blessed those who suffer

Chaos, let chaos reign
Repent, in fear repent
Chaos, let chaos reign
Die, die as you pray
