

Apparition. Apparitions.

Trophy Scars

Let me start this from the end to beginning
that way the story has a happy ending.
Some details I can't remember
but I know it all ends in late December.
Heartbroken Bobby picks up his phone;
he dials 911, there's a body on his floor.
Her name's Michelle - Michelle, his belle
appears to have drawn a knife on herself.
Bobby came in a moment before.
He heard screams and coughing through his front door.
Bobby was out buying flowers for her
cause he told her she's crazy and he called her a whore.
Michelle was caught cheating with Bobby's friend Dan.
Dan deals drugs so he's got money and plans.
Bobby's been cold so Michelle was upset.
Michelle loved him so much but Bobby couldn't care less.
Bobby's been working a lot more than he should.
Michelle kisses his cheek and says "It's all good."
Bobby kisses her too and says there's no one like her.
Michelle goes to school while Bobby's at work.
They started to date three years before this;
a year and six months they shared an apartment.
Bobby didn't care if he couldn't afford it.
Michelle loved him so much - things were just oh so perfect.
