

# The Misery Shows

## Trouble

Sitting here wonderin' 'bout things  
That only the Lord knows  
Tryin' to feel all the pain you have inside  
Misery shows  
It doesn't matter how hard you try  
It still shows

Please take his hand  
The time has come to learn  
Please take my hand  
Let me take you to learn

I just want to show you  
That you don't have to run anymore  
I can show you your life has just begun  
So many people trying to be free

Like the way it's meant to be  
But our lives are filled with pain  
Pain and misery  
I'm so sorry it ended up this way  
Soon the sun will shine on me

Please take his hand  
The time has come to learn  
Please take my hand  
Let me take you to learn

I just want to take you  
To places you haven't been before  
I can take you will you let me in
