Blessed

I am blessed and highly favored  
Favor in fear  
So how dare you  
How dare you hate  
I take no credit  
All glory belongs to God  
Blame God  
The blessings of the Lord maketh one rich  
Nope, I'm not ashamed  
In fact, I've been change'  
The chain has been broken  
I was broken  
But one touch from my savior Jesus Christ  
Changed my life, my life  
We'll never ever be the same  
I thank God I'm free  
The bloods, the words  
The power of prayer still works  
I'm alive and doin' well  
I am blessed
