

# My Pride

Troy Ave

If she thick and you get her pregnant she just going to become fat  
And you gonna be the nigga with the big bitch just know that  
B\$B reign supreme on the east side of things you heard

I came to tell my story more guts than glory  
First love was Kimore' my first gun was a .40  
Put me in the drug game sold 10 dimes for Jordans  
I was barely 15 then if moms knew she would bust me  
Upside of my head beat my ass half dead  
Still got that bread made 30 grand of freight  
A OG still owe me 3 thou' worth of OD  
But he live across my crib and if I dipped that'd be OD  
Beside that we don't play, with the bullshit like older lady  
Son of a bitch swung at me, I shot him on Mothers Day  
Right there by the blade shop snowy night, no rain drops  
Bang Bang feel the pain drop felt no remorse my name hot

My foot up smoke up g macking like so what  
Then its hold up roll up gonna see a bottle when we show up  
I do not let shit just slide  
I will not my pride  
Niggas going to play you if you let em, play you if you let em  
They going to play you if you let em, man fuck that shit just wet em  
I do not let shit just slide  
I will not my pride  
Real niggas relate

No games but I showboat my dough came from selling coke  
Blow stacks bought a crib an toast and a brick house with room from growth  
Cut short all the slick ones side talk for the victims  
Creep good so I sleep good let this Chi nigga get them

These niggas act tough in they pictures and I know that

Got a bad bitch who drive them but she don't get a nick from me  
Ride around with my pistol, Nigga high but I'm sitting low
