

# She Don't Want You

Troy Ave

She don't want  
A bum nigga so I come kick it with her  
Show her how life could be if we together  
This is no monogamy, I'm not a cover  
I just want the best for me, and if you loyal then you too baby, you so crazy  
I show you my love, I give you that Mercedes  
She show me her joy if I grindin' it out on the daily  
We make power moves, that shit hit we not to play with  
She's so dangerous, was she angry?  
Thick coat on my body that give me a little flavor  
[?] in my jeans I'm usin' it just to savor  
You should have one too but

she don't want you  
She don't want you  
She don't want you  
She don't want you, no no no  
She don't want you, no no no  
(She don't want you)  
She don't want you, you got no dough  
She don't want you

What she want? She want a real nigga  
She want a kid with the bricks who can deal with her  
Hot dope boy Troy I'm gettin' real figures  
Eatin' good and I'm on my third meal nigga  
And I know, I know, you laugh  
I got your girl, and it's too bad  
and she's too bad, and we too fast  
Beep the horn and we blew straight past (vroom)  
Six fingers to the lanes  
Tiffany's through the frames  
I can see she belongs to the game  
When she with me I let her do her thang  
Diamond shinin' bright, no I'm not polite  
I be smackin' and chokin' that bitch  
She's the freak in tight, ooh the kind that like  
And boy you better give her that dick

(She don't want you)  
Take, it take it  
Let me give it to you girl you'll take it  
(She don't want you)  
I can't do nothin' with it at all girl, let me take it  
(She don't want you)  
She want me, she don't want you, she want me  
(She don't want you)  
I can see she belongs to the game  
But when she with me I let her do her thang  
(She don't want you)  
Ay, ay  
She don't want you  
She want diamonds that's blue  
She cloudy, I see through  
Ooh, aw
