

# Thank You Jesus

Troy Ave

Never be ashamed to pay and promote  
I give praise, so I get less stressings and more blessings  
That's a fact though, powder

I know I been busy out here being a boss  
I know I be bust with all of this floss  
I know it's all due to you of course  
Of course, of course, of course  
Sometimes we get caught up with all of the grind  
Sometimes we get caught up with all of the shine  
But we can't be too caught up to keep you on our mind  
When things be rough, people look up to the sky  
But when things be good, same ones forget why  
But not I, I ain't shy, I send my praises up high

Thank you Jesus, for giving me this gwap  
All that I got, I'm grateful for you  
Thank you Jesus, for giving me this gwap  
All that I got, I'm thankful to you

I got a lot of close friends sitting in jail  
I pick up all their calls and answer their mail  
I easily could've been in there as well  
As well, as well, as well  
We do a lot of wrong, lord we mean well  
The devil working strong to uneven the scale  
It's important to keep balance, can't fall to hell  
In the world so fake, lord it's hard being real  
If I don't feel safe, on the lord I'm a kill  
I think God is forgiving me  
I don't enjoy it but that's the way I deal with some of my enemies  
I am right versus wrong, why is right under attack?  
And they pushing these agendas against everything you back  
Sad but true  
They hate on me but I don't care 'cause they hated on you

Thank you Jesus, for giving me this gwap  
All that I got, I'm thankful to you  
Thank you Jesus, for giving me this gwap  
All that I got, I'm grateful for you

I'm not putting no autotune on that  
We gon' keep it 100  
You gotta keep it 100 with God  
I get down every day and I pray  
Sometimes twice a day  
I ain't on drugs or nothing either, I'm super sober  
I'm just sippin' champagne out the BSB cup  
We just vibing  
Nowadays I got way less stresses and way more blessings  
Never be too ashamed to praise God
