

# The Come Up

Troy Ave

I understand why these pussy niggas hate  
Cause this a Valentino camo not a bape  
Ain't take no hand outs sent and got my own plate  
They ain't real like me so they can't relate  
I bought a Bentley truck coulda bought a wraith  
I took it back cause it had to much space  
I'm a coup nigga baby roll the tape  
Red Maserati  
Now Ferrari's how I skate  
Gettin my roll on  
I got a Rollie on  
My house keep say Buenos Dias Mr Roland  
I sip peppermint tea with a Versace robe on  
I got the treasure nigga you jus gettin ya troll on

My lil bitch is Mexican her daddy is the Plug  
Before I was rappin I was trappin wrapping weighing drugs  
Street niggas turn to dick eaters off a buzz  
A real nigga can't do nothing wit no phony love  
I heard the whole industry got me black balled  
Well they could suck my dick and lick my black balls  
I'm still young rich and black  
See me ball  
Standing on my own two while most these niggas crawl  
I done came up  
I done came up  
I done came up  
I done came up  
I done came up  
I done came up  
Seen niggas change up  
I got my aim up

Yo I thought that was ya man  
Yeah I thought he was too  
Now all I think about is money and how my bank account grew  
I use to think about a million  
Then I made me a few  
I use to think I needed Niggas  
Now it's Fuk them too  
And it's simple as that  
That's a fendi fact  
This a Fendi headband  
This ain't no fendi cap  
She call her pussy wet land  
I always wear a hat  
Ian make it out the trap  
Just to get entrapped  
Can't get no baby but baby you get it from the back  
I toss that bitch a couple hundred Ima get it back  
For every 1/2 a band I gave her she made me a rack  
These bitches Realer than most niggas  
No debating that  
Gimmie ya loyalty  
I'm giving u royalty  
She giving the breakdown  
Like girl he be spoiling me

He be dripped down  
Even his toiletry  
He dropped 6 figures  
Jus for he his lawyer fees
