

Happy Little Pill

Troye Sivan

Em **D**
In the crowd, alone
Am
And every second passing
C **D**
Remind me I'm not home
G
Bright lights and city sounds
Em
Are ringing like a drone
C
Unknown
D
Unknown

Em
Glazed eyes

Empty hearts
G
Buying happy from shopping carts
D
Nothing but time to kill
C
Sipping life from bottles

Em
Tight skin bodyguards
G
Gucci down the boulevard
D **C**
Cocaine dollar bills and

Em
My happy little pill
D
Take me away
C
Dry my eyes
G
Bring colour to my skies
Em
My sweet little pill
D
Take my hunger
Am
Light within
C
Numb my skin

Em
Like a rock
D
I float
Am
Sweating conversations
C **D**
Seeping to my bones

G

Four walls are not enough

Em

C

I'll take a dip into the unknown

D

Empty hearts

Tight skin bodyguards

Gucci down the boulevard
