

# We Riders

TRU

[Chorus]

We riders, I'm a rider, I'm a rider, I'm a rider, I'm a rider  
We riders, I'm a rider, I'm a rider, I'm a rider, I'm a rider  
We riders, I'm a rider, I'm a rider, I'm a motherfuckin' rider

Any time dumpin' them fools  
You see a motherfuckin' killer with no limit tattoos  
And when the smoke clear I know my job complete  
And everyday I see dumb niggas die in the street  
Run for cover if you soft, don't want no power  
I'm a show guillotine in your picture and your mama gon' miss you nigga  
You and your kids and your wife take your life  
With a knife, it ain't right, but uh, the money was tight  
Am I to aggressive nigga, it's hard to survive  
And stay alive make you feel like a bitch inside  
But if feel froggy jump, and watch me react and attack  
And leave you layin' on your motherfuckin' back  
'Cause ain't no playin' in the game of life, the game of hustle  
Where them niggas pack heat, fuck them niggas with muscle  
Where the skinny niggas with the triggers sittin' on top of the mound  
Runnin' fools clean out of town nigga

[Chorus]

Gettin' high hittin' the ? ? ?  
And runnin' from the law, damn niggas 'll talk  
To many bitches sweatin' me so I'm fuckin' 'em all  
Lace the weed and them hoes be takin' it all  
Take 'em down like I just touchdown from ? ? ?  
Just some bitch shit, it just be sweatin' my click  
Fifty million so, still countin', still sittin' on top  
You niggas only wish what I got  
Fuck a bed, fuck a house nigga  
Fuck you and the watch  
I'm thugged out, I be clutchin' my glock  
With more than 5 reasons for you to call me a nerd  
'Cause infra red held lead come straight to your head  
And then you dead nigga what's up now what's up now bitch  
Nigga show me you made the wrong move  
You lose, bye bye, just die, don't cry, when I get high

[Chorus]

You bitch, I told you motherfuckers  
No limit soldiers never drop we always on top motherfucker  
So you better check the motherfuckin' billboard spot
