

Kill For Satan (The Kings Birth)

Tsjuder

Alas...

The return of the beast.

Unleashed from chasm depths.

Spawned forth from an inferno of fire.

Eons lost beyond the furthest of moons.

It's an Unholy night of bestial love.

The sacrilege vows are blessed by hell.

The princess of the arges is enthroned.

It's an Unholy night of suffering.

Alas... The rotten fruit of her womb roars.

The return of the beast.

Yeah... Alas.

The King of Kings is born... Satan!

Kill for Satan... Sacrifice.

The King of Kings is born... Satan!

The four corners of Hell praise the unborn.

Tidings of wrath the four princess
of darkness bestow.

The golden gates of heaven burn.

Lucifer draws is fork.

Demons ravage the heavens.

Beelzebub raises his horns.

Seraph flesh torn apart.

Belial snaps his whip.

The return of the Beast... Hail!

Beherit stamps his hooves.

Yeah... Alas...

I am reborn!
