

# Counterfeit

Tulisa

Truth shattered, just taste it  
Love give but love wasted  
I put my trust in something  
That turned out to be nothing

Heart I thought was gold  
It was only made of stone  
I believed everything  
All the empty words you said  
All the bankrupt promises  
That was all you left me with

I thought your love  
Was money in the bank yea  
That's what I used to think yea  
But it was nothing but a lie  
I stupidly believed it  
I thought it was the real shit  
But it was counterfeit  
Counterfeit, counterfeit  
Nothing real  
Yea, it was counterfeit, counterfeit  
A bad exchanged deal

Deception, delusion  
But I'm buying the illusion  
Unless my pride and your kiss  
And you were never worthy  
It was 'pposed to be  
Making love not make believe  
Yea, you sure fooled me  
All the empty words you said  
All the bullshit promises  
I wish we had never met

I thought your love  
Was money in the bank yea  
That's what I used to think yea  
But it was nothing but a lie  
I stupidly believed it  
I thought it was the real shit  
But it was counterfeit  
Counterfeit, counterfeit  
Nothing real  
Yea, it was counterfeit, counterfeit

Was a bad dream  
Was a bad situation  
I won in love  
God a bad imitation of your love

Was money in the bank yea  
That's what I used to think yea  
But it was nothing but a lie  
I stupidly believed it (I stupidly believed it)  
I thought it was the real shit (yes, I did)  
But it was counterfeit

Counterfeit, counterfeit  
Nothing real  
Yea, it was counterfeit, counterfeit  
A bad exchanged deal (A bad exchanged deal yea)

Counterfeit, counterfeit  
Nothing real  
Yea, it was counterfeit, counterfeit  
A bad exchanged deal

Uh yea  
It was just like a bad baby  
Uh, we was counterfeit baby
