

Sweet Like Chocolate

Tulisa

[Tulisa:]

You're touching me so deep
You bring me to my knees
It's you that I'm down for
Just say the word and I'll come
Even if the day is done
It's you I'm around for

I'm not scared to take this further
Your love is so sweet when it rains over me
Let it rush through my veins like sugar

You're sweet like chocolate
You're sweet like chocolate
Chocolate, boy
You're sweet like chocolate
You're sweet like chocolate
Chocolate, boy

The morning after
All I do is think about ya
Cause your name stays on my tongue
Them other girls know 'bout ya
But they can never have ya
I know I'm the only one

That's why I'm not scared to take this further
Your love is so sweet, now it rains over me
You just run through my veins like sugar

You're sweet like chocolate
You're sweet like chocolate
Chocolate, boy
You're sweet like chocolate
You're sweet like chocolate
Chocolate, boy

[Akelle:]

You say you love me, I believe you
I got a sugar rush, babe, I got a sweet tooth
Her energy is what is needed
I'm a chocolate boy and she my sweetie
She had my back from long
She knows what I been on
I came from doin' shows, workin' late
Now she play this song
My baby girl, yeah
With her I can't go wrong
She keeps my chin up so I stay strong
I wear the wave but not for too long, yeah

[Tulisa & Akelle:]

Finding your way in the dark
It's so hard when you're close to my heart
You are there when I'm feeling alone
All I need is for you to come home

You're sweet like chocolate (My baby sweet like)
You're sweet like chocolate (Ooh, my baby all I need)
Chocolate, boy
You're sweet like chocolate
You're sweet like chocolate
Chocolate, boy
