Crying, I keep crying for my love
My love who left me hung
But it was limitation
Taught me what I truly loved
Crying, I keep crying for my truth
My tears the only route
But I'm alive and seething
And I'm coming back for you

Don't tell me that I'm free
Don't tell me that I'm free
Don't tell me that I'm free

Crying, I keep crying for my love
My love who kept me hung
But it was tribulation
Taught me what I truly dug

Crying, I keep crying for my home
The only one I've known
If I go back I'll only stand over my grave alone

Free
Don't tell me I'm free
Don't tell me I'm free
I'm free

(Don't tell me I'm free)
(Don't tell me)
Free, free, free, free

(Crying, I keep crying for my home, the only one I've known)

"I can record it really quick for you, is that-" "Do you mind?"
"No, not at all. So it would be, uh, Water-, I mean, 'Heart Attack',
haha
One, two, three, da-
buh, one, two, three, four, one, two, three, four"
