

Heart Attack

tUnE-yArDs

Oh
It's giving me a heart attack-ack-ack
We jump so high and fall right back
It's giving me a heart attack-ack-ack
Don't let me lose my soul

It's giving me a heart attack-ack-ack
We jump so high and fall right back
It's giving me a heart attack-ack-ack
Don't let me lose my soul

Oh
She drew up - night and she drew up the dawn
She drew up the night - the night - she drew up the dawn
She was there until she was gone
Oh, I would tell you the story if you would listen
Listen

Let me speak
Oh, let me breathe
Oh, let me be
Oh, it's giving me a heart attack-ack-ack
Don't let me lose my soul
Don't let me lose my soul

It's giving me a heart attack-ack-ack
We jump so high and fall right back
It's giving me a heart attack-ack-ack
Don't let me lose my soul

It's giving me a heart attack-ack-ack
We jump so high and fall right back
It's giving me a heart attack-ack-ack
Don't let me lose my soul

I'm only human
I'm only human
I'm only human
I'm only human, human, hu-hu-hu-oo

She drew up the night and she drew up the dawn
She drew up the night and she drew up the dawn
She was there until she was gone
Oh, I would tell you the story if you would listen and learn

Let me speak
Let me breathe
Oh, let me be
Oh, it's giving me a heart attack-ack-ack
Don't let me lose my soul
