Synonymonym

My body-ody

I don't seem like I need you

Ba ba ba ba ba

Sitting on a bench beside the ocean

Take some of the magic potion

Does it catch your eye?

I want you to know, when you're bending down and touch your toe
s

You remind me of when I didn't have to wear my clothes

I want you to see, when you're bending down and touch your knee

You reminded me of the person that you used to be

Synonymonym

My body-ody

I don't seem like I need it

Ba ba ba ba ba

Sitting on a bench beside the seaside

If not, we can say that we tried

Put in it in your part (heart)

I want you to know, we cannot be sorry when it shows

Call you twinkle-toes, pass me by one thousand smells of rose

I want you to know, like the sand that sinks between our toes

You grow younger with every hair you pluck out of your nose

Synonymonym

My body-ody

I don't seem like I need you

Ba ba ba ba ba

I knew

I want you to know, like the sand that sinks between our toes..

.
