

# Tight Jeans, Loose Leash

Turbonegro

Party time  
Get yourself off  
That's good  
That's so good

I'm burning hot  
And then I'm freezing cold  
Lost on the outside trying to survive  
Like a lizard crawling under snow  
Like a lizard crawling under snow

Yeah  
I'm in tight jeans  
On a loose leash  
Yeah  
I'm the high priest  
Of your bad dreams  
Falling to my knees tonight

Well all right

Leave a part in black  
Turning blight in white  
All checked in past security  
With a suitcase full of dynamite  
With a suitcase full of dynamite

Yeah (can't stop falling)  
I'm in tight jeans  
On a loose leash  
Yeah (can't stop fucking)  
I'm the wolfhound  
Of your night beast  
Clawing young flesh tonight

Jesus Christ!

Just an honest man  
In a leather mask  
An electric eel  
In the dead of night  
Swimming out of Alcatraz

Just an honest man  
In a leather mask  
An electric eel  
Swimming out of Alcatraz  
Swimming out of Alcatraz

Yeah (can't stop sweating)  
I'm in tight jeans  
On a loose leash  
Yeah (can't stop muting)  
I'm the high priest  
Of your bad dreams  
Yeah (can't stop coming)  
I'm in tight jeans

On a loose leash  
Yeah (one more bombing)  
I'm a rabbi  
In the middle east  
Tearing down your house tonight
