

No Tears

Tuxedomoon

No tears from the creatures of the night
No tears
My eyes are dry
Goodbye
I feel so hollow i just don't understand
Nothings turned out like i planned
My heads exploding
My mouth is dry
I can't help it if i've forgotten how to cry
No tears from the creatures of the night
No tears
My eyes is dry
Goodbye
My eyes is dry
Goodbye
My eyes is dry
