

Boogie 2nite

Tweet

Are you ready? Are you ready?
I hope you're ready
Are you ready? Cause I am
Said I'm ready to party yea
Grab your coat, get your keys
Cause whatever you're drinking
It's on me
Stay here if you want to, say what you want
But I gotta party, needs me a party
Came here to get ya, but I can't wait
To grab me a partner and cut a rug up 2nite
I found a place yea
Where we could boogie, boogie 2nite
I found a place yea
Where we could boogie, boogie 2nite
Are you ready?
Are you ready?
I know you're ready
Be ready here we are
Said we're off on the dance floor yea
Let me wet my throat, get 2 or 3
Then it's off to the dance floor
Follow me
Stand if you want to, stare if you want to
But I got to party, I'm up in the party
Glad that I got ya, and it's alright
You got you a partner, and cut a rug up 2nite
I found a place yea
Where we could boogie, boogie 2nite
I found a place yea
Where we could boogie, boogie 2nite
Move your hips from side to side
Dance
Move your hips from side to side
Dance
Move your hips from side to side
Dance
Move your hips from side to side
Dance
Dance cause you want to
Rock cause you have to
Cause ain't it a party
Sho 'nuff a party
Told you I had ya, and we just might
Find another party, and cut a rug up 2nite
I found a place yea
Where we could boogie, boogie 2nite
I found a place yea
Where we could boogie, boogie 2nite
Move your hips from side to side
