

## Endless

### Twelve Foot Ninja

The essential is unseen,  
The potential;  
Like a dream,  
You will see when you believe,  
And it is endless.

Waaahhaaaoo...ect

It is infinite in here,  
To those who feel it to be real,  
In time the truth will be revealed,  
And it is endless.  
You are lost or so it seems,  
Beyond the veil,  
Uncertainty,  
The seamless void,  
The fire in me,  
And it is endless.

Drink the ocean again,  
Draw a line in the sand,

Hold the sun in your hands,  
All, but understand.

Stand up and explain yourself,  
Speak the truth beyond all doubt,  
That within,  
Shall be without,  
And it is endless.  
The essential is unseen,  
The potential;  
Like a dream,  
You will see when you believe,  
And it is endless.

Drink the ocean again,  
Draw a line in the sand,  
Hold the sun in your hands,  
All, but understand.
