Warning

TWiiNS

I tried to tell you
What they were up to
But you just me out
What´s all this fakin´
You got yourself in
Can tell it´s breaking ya down
You don´t need to
Give it away
What they say ain´t ok no
But I can see what´s happenin´
It´s messing with your head so

Don´t want them knowing your name
Then you should get out the game
I-if you know what I´m sayin´
It´s just a warning, warning
Nothing´s ever the same
It´s such a state of insane
I-if you know what I´m sayin´
It´s just a warning warning

You make decisions
But they don´t listen
It´s time to turn it around
You try to fight it
But sometimes ya like it
You know your underground
