

One Man Party

Twin Atlantic

Live a little, come a little closer
Take a sip, pick your gin or mimosa
Sign me up, view me on screen
I'm gonna drive you crazy
Pickleback panic attack
Mmm, I'm not sure if I'm jealous of that?
A squeeze of lime, you're a box of wine
And I'm gonna drive you crazy

Is it enough for me to shut down?
Is this the stuff I need to calm down?
You got my medicine and you got me sinking
World number one of keeping you out
Pinnacle act of living in doubt
Switch my phone back on, it's time to face the crowd

At a one man party
Don't need nobody
Just me
Me
One man party
Don't need nobody
Just me
Me

Block of ice living on beaches
Georgia without no peaches
Content content for rent
Yeah, I'm gonna drive you crazy

Is it enough for me to shut down?
Is this the stuff I need to calm down?
You got my medicine and you got me sinking
World number one of keeping you out
Pinnacle act of living in doubt
Switch my phone back on, it's time to face the crowd

At a one man party
Don't need nobody
Just me
Me
One man party
Don't need nobody
Just me
Me

And I said oh oh oh oh
Oh oh oh oh
Never got to meet ya
Why always me singing?
Oh oh oh oh oh
Oh oh oh oh
Nice to get to meet ya
Split personality

At a one man party
