

Let The Good Times Roll / Feel So Fine

Twisted Sister

Come on baby, let the good times roll
Come on baby, let me thrill your soul
Come on baby, let the good times roll
Roll all night long

I said baby, yeah, this is it
I tell you something that I just can't miss
Come on baby, let the good times roll
Roll all night long

I feel so good
Oh sugar, when you're home
I said, come on, baby
Won't you rock me all night long, honey
Yeah, yeah, yeah, yeah, yeah

Feel so good now that you're home
Gotta let me hold you, gotta let me kiss you
Gotta let me see, well, I've been missing
Feel so good, now that you've come back home

Feel so fine, gotta say that you're on my mind
All I need is kissin', all I need is kissin'
Feel so good, oh so fine
Oh so fine, now that you've come back home

One, two, one, two, three, four

[Solo: Jay Jay]

I feel so good
Sugar, when you're home
I said, come on, baby
Won't you rock me all night long, honey
Yeah, yeah, yeah, yeah, yeah

Feel so good, now that you're home
Gotta let me hold you, gotta let me touch you
Gotta let me see, well, I've been missing
Feel so good, now that you've come back home

Feel so fine, gotta say that you're on my mind
All I need is kissin', all I need is kissin'
Feel so good, oh so fine
Oh so fine, now that you've come back home

One, two, one, two, three, four
