

One Man Woman

Twisted Sister

You don't feel 'em.
Growin' that your space man.
I'll don't know for you.
Gill'n fast motors on the burnin' hell.

One man Woman.
Woman lovin' and man killing you.
One man Woman.
Baby, please go out.

We're going to space.
Can't stop our rock.
Her thing has been end.
Bleeding in my hand, you don't stop me.

One man Woman.
Woman lovin' and man killing you.
One man Woman.
Baby, please go out.

Wonder's world.
Never through me too.

One man Woman.
Woman lovin' and man killing you.
One man Woman.
Baby please go out!!!!
